

The Hearing Well Newsletter

Hearing Solutions New England, Inc.—Owned and Operated by Dr. Peggy L. Sheets since 1988
Nashua—603-880-0090 * Manchester—603-626-7600 * Concord—603-224-3346

At Hearing Solutions, our staff feel strongly that it is our job as hearing health care professionals to keep our patients informed of the latest and greatest hearing aid technology that may be appropriate for their hearing loss. That's why we keep in touch with our patients to offer in-office hearing aid demos and hearing aid discussions; usually when your hearing aids are older or we recognize that new technology would offer more benefit and/or when it is time to update a hearing test. This Spring, Hearing Solutions is pleased to announce that we are the premier practice offering a completely new hearing device:

Lyric Extended Wear!

What makes Lyric so different? Just look at the picture to the right to see just how Lyric is worn 24 hours a day, 7 days a week! Our audiologist does the in the canal insertion and there is little to no follow up for maintenance or adjustments. Hearing and wearing is a breeze!

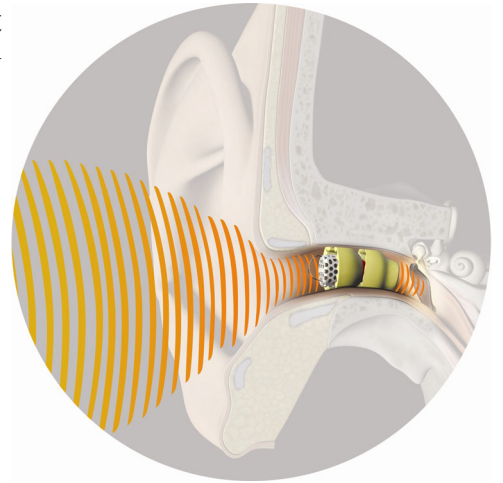

Who can wear Lyric? Although Lyric is an exciting and unique hearing solution, like all hearing devices, it is not the right solution for everyone with hearing loss. Lyric is appropriate for people with mild to moderately severe hearing loss. Ear size and shape, medical conditions, and lifestyle need to be assessed to determine if Lyric is appropriate for each patient.

What does this mean for you? We take our job of educating our patients about the latest hearing aid technology available seriously. If you would like more information about the Lyric Extended Device and to find out if Lyric is right for your hearing loss and lifestyle, please feel free to call our office. We would be glad to answer your questions or make a complimentary Lyric screening appointment for you.

We are always willing to offer in-office demos or talk with you about the latest hearing aid technology and hearing aid accessories that may be available for your needs to help you hear better.

That's why we're hear (*pun intended*) 😊

Spring 2011

Recall Specialist

As our practice grows, we want to make sure we keep in touch with our patients. You may receive a call to let you know about new technology demonstrations, to make your next appointment, or a check-in if we haven't seen you in a while.

We hope you will warmly welcome the call!

We Love Referrals

If you refer a patient to us who purchases hearing aids, we'd like to say thanks by giving you a \$25.00 gift check! Be sure your family member or friend brings their referral card to their appointment.

You can pick up referral cards at your next visit or when you stop in for batteries and to say hello! Your name will also be entered in the annual grand prize drawing of \$500.00 for each qualified referral!

We appreciate your referrals!!!!!!
